

OTdigital

Congress for
Digitalisation in
Orthopaedics and
Traumatology

13. - 14. March 2026

Berlin, Germany

www.otdigital.eu

THE EVENT

The OTdigital Congress 2026 will engage participants in an international and interdisciplinary exchange on digitalisation in orthopaedics and traumatology. It will serve as a platform for experts from medical, scientific, and economic fields, offering a variety of presentation formats and networking opportunities.

13 - 14 MAR, 2026

**Live at CharitéCrossOver, Berlin, Germany
or streamed @ www.otdigital.eu**

OUR MISSION

Prof. Dr. med. David A. Back

Congress chair

The OTdigital community fosters the dialogue between experts and users on the decisive role of digitalisation in orthopaedics and traumatology, and supports digital innovations that enhance patient care at every stage – from prevention and diagnostics to therapy and rehabilitation..
